Help and Feedback

If you would like to learn more about the new BrightAuthor features described below, please download the [User Guide](#). If you are new to BrightAuthor, you can also visit the [Tutorial Videos](#) page. If you have any questions, please contact us at support@brightsign.biz.

Changes Since 3.8.0.39

Bug Fixes

- Transitioning to an MRSS state from another state no longer causes a runtime error.
- Using a Data Feed name containing one of the following characters no longer causes a player to crash when it attempts to run the presentation: "/", ":", ",", ".", "&", "=", "?"
